**Subject:** 404 assumption

Lisa - Thanks so much for agreeing to reach-out to the Tribes with Trust lands/interests in Florida in regards to Clean Water Act 404 assumption. As the Florida Department of Environmental Protection is exploring assumption of the 404 program, the Water Protection Division would like to provide the Tribes with information about the assumption process and requirements under the Clean Water Act as well as discuss any issues or questions they may have. If the Tribes are available for a tele/video-conference within the next few weeks, we would appreciate the opportunity to speak with them. I'm attaching a fact sheet from the EPA's website which I recommend you forward to your contacts with the Tribes for their reference. Thanks. Tom
